Dear Sir/ Madam,

It was with great interest that I found your Contact Mail via LinkedIn. In response, I enclose my resume for your consideration.

Review of my credentials will confirm that I possess **nearly 14 years** of rich and qualitative experience in the areas of (Onshore /Offshore), Operations (Fabrication, Marine, Hook-up and Commissioning), System Completions, HSE Management, Time Management and IT-Computing.

I was last associated with **National Petroleum Construction Company - UAE as Commissioning Engineer**

The select highlights mentioned below are indicative of the work that I have managed; my resume sets forth further details.

- **Proven** acumen in implementing process improvement across various project processes to reduce rejection levels and ensure high quality and safety standards at all the stages of project execution
- **Acknowledged** as an insightful professional with notable success in working on Saudi Aramco/ADNOC Offshore Greenfield and Brownfield Projects, QP/Qatargas Onshore Projects, Coal and Nickel Mining Refinery and Power Plant Projects in Africa
- **An enterprising leader** with skills in leading personnel towards accomplishment of common goals

I am willing to join your organization due to its attributes and placement as a leader in the industry, great organizational culture, spirit of innovation and professionalism. I am driven to this role on account of the organizational performance, values and challenges that it offers.

I commend your efforts in giving time to review my credentials and experience; I thank you in advance for your consideration and would appreciate the opportunity to interview and look forward towards hearing from you in the near future.

Thank you,

Sincerely,

Gerry M. Cezar
